Hello,

I am Mr.Richard Lawson, a lawyer based in Lome, capital city of Togo republic in West Africa.I need your assistance to claim the sum of US$13,800,000 Million deposited in a bank by my late client who has the same surname as you. He died a few years ago. He was an independent oil merchant in my country.

The bank has authorized me as his personal attorney to bring his next of kin for the fund claim because he died together with the wife and the only daughter who are supposed to have inherited this fund. He did not indicate who is to inherit the fund apart from his immediate family that died with him in an auto crash. So this is why I contacted you. Regards
Richard.
